

# THE IMPORTANCE OF MEETING WITH YOUR RECRUITER

1

You will gain a more in depth understanding of the relevant market. Your recruiter will have a good idea about who is hiring in your particular domain.

2

Your recruiter will be able to give you a far better insight into a certain client, their organisational structure and their processes to help you get a well rounded view on your next move.

3

You will be better positioned to separate the good from the bad. Value added is so much greater in person, differentiating between good and bad recruiters becomes easier.

You have nothing to lose and everything to gain from meeting the person who will be spearheading your job search!

Meeting in person keeps you fresh in our minds.

When an urgent role is released and a client wants to see profiles ASAP, you will be top of our list!
